

Financial University Education Network Inc.

Credit Smart Credit Sharp

Offers “Take Charge Workshop and Webinar”

Teaches Credit Education, Management and Counseling
JUNE 2009

Teaching consumers the importance of establishing and maintaining good credit is a MUST to live in today's economy and plan for you and your family's future. University Educational Network will be offering a Credit Smart Credit Sharp workshop webinar.

The Credit Smart Credit Sharp - TAKE CHARGE Workshop & Webinar Mission is to: stamp out financial illiteracy in the areas of Financial Education, Money Management, Debt and Credit Education.

This workshop & webinar will help those with credit challenges address the truth about their credit rating. Millions of Americans face credit disadvantages or difficulties. The Credit Smart Credit Sharp workshop will help you put your Credit problems behind you or help you manage your credit to keep a good credit score. You will learn how credit works, how to use credit properly and how to improve and maintain your credit file. Good Credit is a necessity, especially in today's economy. You should [Join us and find out How to Increase your CREDIT SCORE.](#)

We are a TEAM of Professional Counselors and Instructors with exceptional knowledge and experience which had allowed us to achieve amazing results with our clients. We have literally turned lives around in the Credit Industry by Educating, Counseling, Managing, Restoring and Correcting Client's Credit Files. Our services focus on enhancing our client's credit scores because of its tremendous importance on the overall credit profile.

University Educational Network Lead Instructor says, “We are dedicated to improving our client's credit scores and that has allowed our clients to obtain credit cards, automobiles and mortgage loans at the best interest rates available on the market.” “However, the most important thing it has given them is peace of mind and their Financial Freedom.”

Credit card debt is at an all time high in America and is estimated to be around \$2.16 trillion. Over 2 million families filed for personal bankruptcy last year. Employees' financial worry cost employers countless dollars each year. Approximately 90% of Americans have never received any financial training. With personal debt soaring and personal savings decreasing, it's no wonder so many individuals find themselves in difficult financial situations.

The lack of Education and Knowledge is costing consumers more and more.
